

Summer Fellows 2024

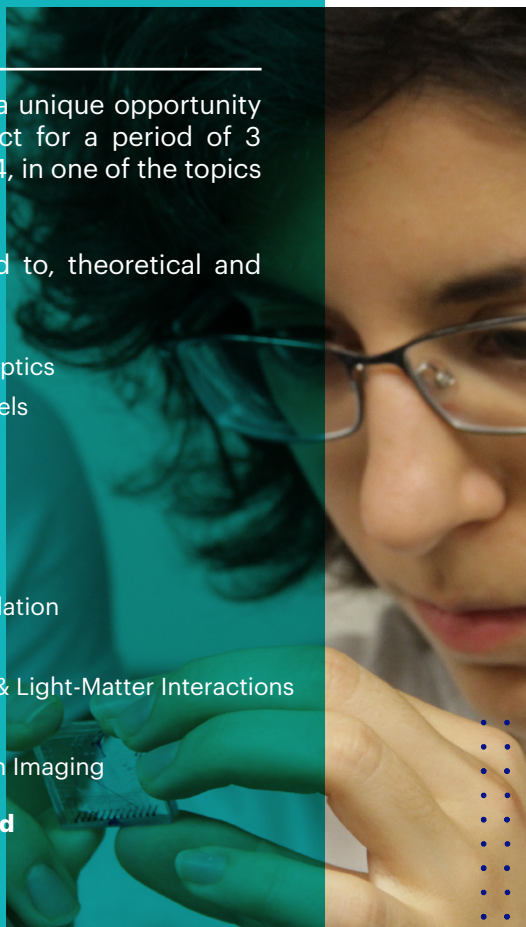

Fundacio Catalunya-La Pedrera Ignacio Cirac Program Chair @ ICFO

ICFO's Summer Fellows program provides a unique opportunity to carry out a challenging research Project for a period of 3 months, between June and September 2024, in one of the topics active at ICFO.

Research lines include, but are not limited to, theoretical and experimental aspects of:

- Atto-Science, Ultrafast Optics & Nonlinear Optics
- Photovoltaics, Thermal Photonics & Solar Fuels
- Optical Sensing & Optoelectronics
- NanoPhotonics & NanoMechanics
- Ultracold Quantum Gases
- Quantum and Low-Dimensional Materials
- Quantum Communications, Sensing & Simulation
- Quantum Optics & Quantum Information
- Nanophotonics, Condensed Matter Physics & Light-Matter Interactions
- Medical Optics
- Biophysics, Biophotonics & Super-Resolution Imaging

For further information about the program and ICFO, please visit www.icfo.eu

Are you interested in becoming an ICFO Summer Fellow 2024
For further details and to submit your application, please see the call
